FULL DESCRIPTION

This apartment project is a place where design, modernity, ecology and distinction come together. Is a unique space where the focus is on architecture, landscaping, green spaces, communal areas and all-round quality. The location in a new residential area is one that provides the perfect balance beetwen living in a private residence and still being close to the town centre and the beaches, with all the shopping, health centres, schools and leisure options Estepona has to offer.

The project comes with the highest energy rating, which means considerable savings while caring for the environment.

It is composed of 70 magnificent apartments, you can choose your house from 1 to 4 bedrooms in a construction of 3 heights, where all units have large terraces or gardens, and community areas designed to enjoy your time in the pool, gym or community venue. All apartments have storage room and one or two underground parking spaces. Wake up every day with the sunlight to fill you with health and feel the cooling freshness of the plants and the water.
