FULL DESCRIPTION

An exclusive collection of 57 upscale apartments and penthouses in the Altos Reales area of Marbella. These homes boast sizes ranging from 70 to 115 square meters, complemented by terraces of 20 to 155 square meters. The units are designed with one to three bedrooms, and select homes include the luxury of an outdoor whirlpool.

Consider a two-bedroom residence, for instance: Occupying about 100 square meters, it features two bedrooms, with the master bedroom including an en suite bathroom. Both bedrooms have access to a communal terrace.

The well-appointed kitchen leads to an additional terrace, equipped with a whirlpool. The residence is completed with another bathroom and a storage area.

The complex offers its residents facilities such as a saltwater swimming pool, a shared co-working space, and a gym.
