FULL DESCRIPTION

A residential complex of 2 and 3 bedroom homes in Casares Costa (Málaga), distributed in 6 buildings with an integrating design that gives it 360° views of the sea and the mountains. The urbanization is integrated into spectacular green spaces, an adult pool, a children's pool, and a social club.

The topography of the plot is used to the maximum, with a large balcony overlooking the common areas. Each home has its own outdoor space, be it garden or terrace, to fully enjoy all that La Sabina has to offer.

The design of the homes meets the highest demands for comfort and quality, from air conditioning to furnished and equipped kitchens, including a careful choice of finishes.
