Spanish News

If you're planning to spend a sun-soaked summer in Spain then there's nowhere better than the Costa del Sol. It's simply got the whole package of great weather, gorgeous food and plenty of things with which to keep the whole brood occupied.

Check out our guide to the best things to do in and around Marbella with the whole family...

1. ADVENTURE AMAZONIA

With rope bridges, zip wires, tree climbing and swing bridges this treetop rope adventure circuit challenge is not for you if you're a vertigo-sufferer. (The highest safety standards are adhered to, though, with harnesses and introductory training.)

There's a mini kids' course for 4 -7 year-olds and from 7 years, and up there are 83 challenges in the trees and 20 zip lines in total. You can challenge your family for up to 3 hours in Adventura Amazonia.

2. MUNDO MANIA

Having indoor and outdoor play areas, catering for all ages and holding workshops, too, Mundo Mania is straight up kiddie nirvana. The outdoor facilities have a water park area, trampolines, multi-sports pitches, while indoors there are pool tables and the small matter of the biggest soft play area on the Costa del Sol.

There is a restaurant and a bar for children's snacks and adult meals. With plenty of events planned for all ages, it's always worth checking out their website for specific dates.

3. WAKEBOARDING IN PARQUE DE LAS MEDRANAS

This park and lake in San Pedro Alcantara is the place to take the teens to hang out and hit the water for a wakeboarding lesson or two. It's a cable pulley lap system so it's great for continuous riding and there are plenty of obstacles.

In Summer there's also live music, DJ sets, a swimming pool, and snack bar and it's open 6 days a week (closed on Mondays).

6. CHILDREN'S PLAYGROUND – BULEVAR, SAN PEDRO ALCANTARA

There are plenty of playgrounds dotted around Marbella but we think this is the best. There's a 3km well-marked rollerblading, skating or bicycle track around the park as well as several great play areas and an amphitheater where you can enjoy live music and shows during the summer, Feria week and school holidays.

To make your trip even more fun, take a ride on the Cable Car which runs from right outside Tivoli and takes you up the mountain to enjoy spectacular views of the coast. At the top you can enjoy a Birds of Prey display and grab a snack at the restaurant.

21. EL TORCAL NATURAL RESERVE

At the prehistoric El Torcal Natural Reserve kids go wild for the bizarre rock formations and the possibility – however small – of actually discovering a dinosaur fossil.

There are three routes that you can follow – red, yellow or green – though the red route is restricted in order to protect flora and fauna. The green route is the easiest but the yellow, which is only slightly steeper/rockier, is more dramatic.

22. EL CAMINITO DEL REY

There aren't many walks in the world quite like the gravity-defying – and incredibly beautiful – Caminito del Rey in El Chorro. While most of Malaga's art galleries hold fun classes on the weekends for over 5-year-olds, the Pompidou Centre, in particular, is very good at catering for children. Not only is it generally very child-friendly with a cafe, shop, toilet and changing facilities, but it has a room dedicated to pre-teens with all sorts of interactive activities built around learning about artists.

The Pompidou Centre is on the pedestrianized Muelle Uno which is perfect for families with its electric car rental, bikes, play areas and boat trips as well as shops, markets, restaurants and bars.

It opens at 11am and closes at midnight.
