DESCRIPTION

The lovely townhouse located inside Marbella Club Pueblo has been refurbished to the highest standards in a beautiful Scandinavian Style, keeping the Andalusian style that surrounds the community.

An open plan living/dining and kitchen are found upon entering the light and airy property, leading on to the private outside space. Upstairs you find 3 bedrooms with bathrooms. There is also a fabulous outside space where summer evenings and lazy days can be spent with BBQ area, dining and lounging.

There is a communal pool and summer house where residents can enjoy their time should they wish too with their guests or on their own.

The cobbled streets that surround the properties are donned with lemon trees and fountains, giving this beautiful pueblo the traditional Spanish feel that we all love and adore. When you arrive, it is picture perfect of that of a postcard. The property must be seen for its charm and beauty, not to mention the exclusive location on the Golden Mile.
