DESCRIPTION

Newly Renovated Villa located in one of the most desirable areas of Marbella located only 300m away from the beach in Reserva de Los Monteros.

Having taken 2 years to renovate, sourcing only the best qualities and be-spoke features this fully renovated Andalusian style villa has been restyled to encompass the very best of Andalusian design with the most up to-date modern technologies, inside and out.

The villa has been remodelled to flow through out, you sense this from the moment you enter through the main gate and see the detail that has been given in areas of the garden you would not expect,

This level of detail is maintained through out the interior of the house and flows to the pool area and out door kitchen, there are many hours where the well crafted images do not do the level of detail justice and in this case its certainly one of them.

Few reform villas manage to maintain such a high level of detail through out and in a market where this is often the case this villa is a must viewing on your list of villas to see.
